2 Vanguard Institutional Advisory Services (VIAS)

A program developed in consultation with Vanguard, whereby we have developed five different advisory pools from which to choose from. The pools range from across the risk spectrum and can be summarized as follows:

- Growth pool – target allocation of 75% equities, 20% fixed income, and 5% REITs.
- Balanced Growth pool – target allocation of 56% equities, 40% fixed income, and 4% REITs.
- Moderate Growth pool – target allocation of 40% equities, 60% fixed income.

- Conservative Growth pool – target allocation of 20% equities, 80% fixed income.
- Fixed Income pool – allocation of 100% fixed income.

The benefits of these pools include constant oversight from Vanguard, as well as disciplined rebalancing back to allocation targets on a quarterly basis, if necessary. Advisory fees on these pools are .035% in 2021, .04% in 2022, and .045% in 2023. Each pool is made up of a selection of Vanguard index mutual funds as well as actively managed mutual funds. Internal mutual fund expenses for these pools range from .06% to .15%.

For more information on these advisory pools please reach out to your donor services officer.
