## COMBINED FINANCIAL STATEMENTS

December 31, 2021 and 2020

# John Gerlach

& Company, LLP

To the Governing Committee/Board of Trustees of The Columbus Foundation

## Independent Auditor's Report

## **Opinion**

We have audited the accompanying combined financial statements of The Columbus Foundation (the Foundations) as defined in Note 1 of these financial statements which comprise the combined statements of financial position as of December 31, 2021 and 2020, and the related combined statements of activities and cash flows for the years then ended and the related combined notes to the financial statements.

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of The Columbus Foundation as of December 31, 2021 and 2020, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Columbus Foundation and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the combined financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the combined financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Columbus Foundation's ability to continue as a going concern within one year after the date that the combined financial statements are available to be issued.

## Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the combined financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

John Gerlack & Company LLP

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the combined financial statements, whether due to fraud
  or error, and design and perform audit procedures responsive to those risks. Such procedures include examining,
  on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
  appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The
  Columbus Foundation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Columbus Foundation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

# 1. DESCRIPTION OF THE FOUNDATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Summary of Significant Accounting Policies:

*Financial Statements* - The combined financial statements for the Foundations have been prepared on the accrual basis of accounting, which means that revenues are recognized as they are earned and expenses are recognized as they are incurred whether or not cash is received or paid out at that time.

*Bequests and Grants* - Bequests and gifts are recorded when all requirements for the transfer of the assets to the Foundations have been met, appropriate court orders have been issued and the assets have been received.

Grants made by the Foundations are recorded in the financial statements at the time the grants are approved by the Governing Committee of The Columbus Foundation or the appropriate Board of Trustees for the supporting foundations. Payments are made when requested by the grantee and any contingencies, such as obtaining matching funds, have been met by the grantee.

*Investments* – Investments in marketable securities are recorded at fair market value (see Note 2). Investments other than marketable securities are recorded at the lower of cost or fair market value (see Note 2).

Investments for The Columbus Foundation primarily consist of marketable securities (see Note 2), mortgage and notes receivable, real estate, interests in limited partnerships, privately held common stock and leases and are administered by various money managers, investment firms and mutual fund investment agents. These investment agents are responsible for custody and investment management under supervision of the Board of Trustees.

Investments of the supporting foundations are administered by investment agents chosen by the respective Boards of Trustees. The investment agents report the assigned values and market values of the investments and are responsible for custody and investment management under supervision of the Boards of Trustees. The Columbus Foundation provides administrative and reporting support as needed.

Real estate investments at December 31, 2021 and 2020 consist of land, residential properties and commercial properties, recorded at appraised values when received, which are managed by various property managers for the trustee administrators.

Limited partnerships consist of certain real estate located in central Ohio and family partnerships which are recorded at the total fair market value when received as determined by independent appraisals.

Other investments at December 31, 2021 and 2020 consist of insurance policies and other miscellaneous investments.

Market value information is based on closing prices at December 31, 2021 and 2020 for those securities traded on national stock exchanges or determined by the trustee for those securities not traded on national exchanges. Dividend and interest income from investments is accrued as the income is earned.

# 1. DESCRIPTION OF THE FOUNDATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

*Use of Estimates* - The preparation of the financial statements of the Foundations in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets at the date of the financial statements, as well as their related disclosures. Such estimates and assumptions also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Estimates are used in determining the useful lives of property and equipment and calculating the present value of the payments expected to be made to beneficiaries relating to charitable gift annuity agreements.

*Income Taxes* - Each of the foundations are recognized as exempt from Federal income tax under Section 501(c)(3) of the Internal Revenue Code, and, therefore, have made no provision for federal, state, or local income tax in the accompanying financial statements for income from exempt activities. However, income from certain activities not directly related to the Foundations tax-exempt purpose is subject to taxation as unrelated business income.

The Foundations have adopted the provisions of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) relating to uncertain tax positions. Management has reviewed its current and past income tax positions and has determined, based on clear and unambiguous tax law and regulations, that the tax positions taken are certain and that there is no likelihood that a material tax assessment would be made if the respective government agency examined tax returns subject to audit. Accordingly, no provision for the effects of uncertain tax positions has been recorded.

*Investment Policy* - The investment policies vary by foundation but in general fall into one of the following parameters and/or policies:

- A) Funds designated as permanent and/or endowed assets, which include component funds covered under The Columbus Foundation's "spending rule" and certain supporting foundations of The Columbus Foundation, are invested utilizing generally a 50% 80% equity exposure. Individual securities, primarily no-load mutual funds, and certain "alternative" investments are employed. Mutual fund selections include various no-load mutual funds, including a pre-approved selection of funds from the Vanguard Family of Mutual Funds.
- **B)** Funds designated as non-permanent foundation assets, which include donor advised and organization endowment funds of The Columbus Foundation and Community Foundations, Inc. as well as certain supporting foundations of The Columbus Foundation, are invested based upon the donor's or supporting foundation board's expected time horizon for suggesting distributions or approving grants from the fund or supporting foundation. The assets of these component funds or supporting foundations may be invested with equity exposures that can have: 0%, 30%-40%, 60%-70% and up to 100% equity exposure. Individual securities and no-load mutual funds, including a pre-approved selection of funds from the Vanguard Family of Mutual Funds, as chosen by the foundations' investment agent(s), are used to invest these assets.

1. DESCRIPTION OF THE FOUNDATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Summary of Significant Accounting Policies (continued):

Spending Policy - Spending policies vary by foundation but in general fall into one of the following parameters and/or policies:

- A) No formal spending policy and spending may be made from both the income and principal of the fund.
- **B**) Only the income (dividends and interest) is spent.
- C) A "spending rule" utilizing a calculation, that employs a single historical market value point in time or a series of historical market value points in time, to which a spending rate varying between 4.00% and 5.50% is applied.

Each foundation included in these combined financial statements has received its own separate audit. Each of the audited financial statements includes information concerning its specific investment and spending policies.

Cash and Cash Equivalents - Cash in excess of daily requirements is generally invested in savings and cash management (money market) accounts with maturities of three months or less.

*Property and equipment* - Property and equipment acquisitions are recorded at cost or, if donated, at fair market value at date of donation. Depreciation is computed on the straight-line basis over the estimated lives of the assets.

*Net Assets* - Accounting standards provide that if the governing body of an organization has the ability to remove a donor restriction, the contributions should be classified as net assets without donor restrictions. Accordingly, the financial statements classify all net assets that The Foundations have obtained variance power from the donor as net assets without donor restrictions.

## 3. ASSETS AND LIABILITIES – FAIR VALUE INFORMATION

In accordance with the Fair Value Measurements and Disclosures Topic of FASB ASC, all financial instruments that are being measured and reported on a fair value basis must be classified and disclosed in one of the following three categories unless the financial instrument is being measured using NAV per share as a practical expedient:

- Level 1: Quoted market prices in active markets for identical assets or liabilities.
- Level 2: Observable market based inputs or unobservable inputs that are corroborated by market data.
- Level 3: Unobservable inputs that are not corroborated by market data.

#### 5. OTHER ASSETS

In April 2021, AstraZeneca, a world-wide research-based Biopharmaceutical company, exercised an option to purchase the remaining 45% of Acerta Pharma, a pharmaceutical bio-technology organization in which The Columbus Foundation held a 6.26% ownership interest. As a result of this option being exercised, The Columbus Foundation's share of the proceeds will be \$164,968,973 and has been categorized in Other Assets. These proceeds will be received in three installments of \$57,915,353, \$54,597,346 and \$52,456,274 in January 2022, January 2023 and January 2024, respectively.

#### 7. CHARITABLE GIFT ANNUITIES

As of December 31, 2021, The Columbus Foundation as a part of its development program, has issued a total of sixty-three charitable gift annuity contracts. These annuity contracts are general obligations of The Columbus Foundation.

The Columbus Foundation records gift revenue in the year the contract is issued using the fair value of the assets less the present value of the payments expected to be made to the beneficiaries. Annual adjustments are made to the liability to reflect changes in expected future year payments. Gift annuity assets are separately invested. Approximately 61% is invested in a stock index fund and the balance in a bond index fund.

#### 8. ORGANIZATION ENDOWMENT FUNDS HELD FOR OTHERS

The Foundations receive and distribute assets under certain agency and intermediary arrangements. FASB ASC 958-605 establishes standards for transactions in which a recipient organization accepts a contribution from a donor and agrees to transfer those assets, the return on investment of those assets, or both, to another entity that is specified by the donor. This pronouncement specifically requires that if a not-for-profit organization establishes a fund at a recipient organization with its own funds and specifies itself or its affiliate as the beneficiary of that fund, the recipient organization must account for the transfer of such assets as a liability. In accordance with this pronouncement, a liability has been established, which is equivalent to the funds current fair market value. The funds are also recorded as assets of The Foundations because they maintain variance power and legal ownership of organization endowment funds.

The Columbus Foundation sponsors a traditional 401(k) profit sharing plan. The plan covers employees who are 21 years of age and have one year of eligible service. Employer contributions are made on a monthly basis equivalent to 10% of each participant's compensation and are subject to the annual 401(a)(17) annual compensation limit. The plan also allows for voluntary employee contributions. Total plan expense for 2021 and 2020 amounted to \$599,952 and \$482,209, respectively.

## NOTES TO COMBINED FINANCIAL STATEMENTS

December 31, 2021

#### 11. CONCENTRATION OF ECONOMIC RISK

The Foundations invest their assets with a variety of financial institutions, brokerages, and families of mutual funds. Because fluctuations in both the stock and bond markets will from time to time impact the value of the Foundations' assets, the selected investments by these entities are conservative in nature and diversified to minimize the impact of these market value fluctuations.

The Foundations maintain cash and money market funds in various financial institutions and certain deposits exceed federally insured limits. The Foundations have not experienced any losses in such accounts.

#### 12. RECLASSIFICATIONS

Certain amounts in the 2020 financial statements have been reclassified to conform with the 2021 presentation. Such reclassifications had no effect on reported change in total net assets.

## 13. SUBSEQUENT EVENTS

Subsequent events have been evaluated through August 23, 2022 which is the date the financial statements were available to be issued.
